Providing the Finest Quality Special Education in a Jewish Day School Setting

RELEASE OF INFORMATION

Dear Families

In order to complete the application process, it is necessary for Kesher to gain a thorough understanding of your child's current performance and needs. For this reason, an observation in your child's current school is a mandatory step. If this is impossible for particular reasons, alternative observation arrangements can be made. In addition to an observation, we will need to contact any other professionals who support your child outside of school. The information gained through this process will not only allow for an informed decision about acceptance into Kesher, but also provide us with the tools needed to create the ideal programming to meet your child's needs. Kesher's team approach to education begins here.

PLEASE FILL IN THE INFORMATION REQUESTED ON BOTH SIDES
